

Ages 5-7: Easter Egg Nests Maths

Based on page 7 of Your Reach Spring 2018

Using the recipe on page 7, answer the following questions:

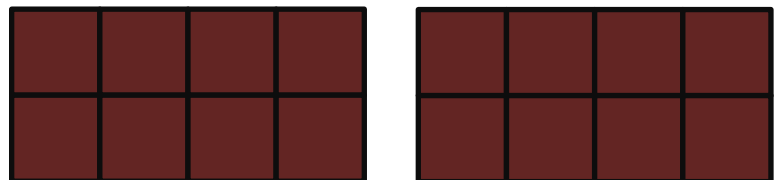

1. There are 3 mini-eggs on each nest. How many mini-eggs are there on 3 nests?

_____ eggs

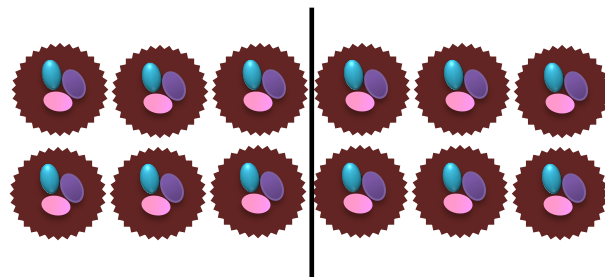

2. There are 8 cubes of chocolate in a bar. If you break up two whole bars into cubes, how many will you have?

_____ cubes

3. This recipe makes 12 nests. If you halved all of the ingredients, how many nests would you be able to make?

_____ nests

Don't forget YOUR REACH is packed full of FUN, PUZZLES and lots to think about!
